2025 PORTFOLIO

about me

Making ideas come to life.

I have designed short films, music videos, and commercials. Since early 2023, I have crafted visually compelling worlds that reflect the inner lives of characters and their place within their environment. Rooted in my background in Politics and Sociology, my design prioritises storytelling through emotion—both from the perspective of the characters and the audience. I use bold colours and key props to create purposeful and theatrical visuals.

I completed a Filmmaking Certificate at NFTS (2024) and a Design for Art Direction short course at UAL (2023). In addition to my work in film, I am the Creative Director of the SPILT MILK exhibition, a space for queer feminist art.
